

Meer mogelijk met Voetbalkleding

"Meer mogelijk met Voetbalkleding " is a Foundation that gives away wish boxes containing football items to people with disabilities (up to thirty years old) in Belgium and the Netherlands. Occasionally, we also fund a small-scale day trip for this target group. Examples of activities include a day of swimming, attending a football match, or a trip to the zoo.

Our wish boxes are filled with official football club items, such as clothing, scarves, caps, fan items or even signed items. Since 2019, we've funded over 50 day trips and given away more than 750 wish boxes. Everyone has always been very surprised and happy. We distribute the gifts (in the form of a voucher) and wish boxes by delivering them ourselves, arranging pick-up times, or sending them by post, depending on where we organize pick-up times.

The contents of the wish boxes vary per person and are therefore always a surprise.

How does the foundation obtain its money and items?

Professional football clubs donate all sorts of items to us, which we can sell in our webshop. Sometimes we pay a lower price than usual. Occasionally, private individuals donate items. We use the proceeds from this to finance outings and/or items for wish boxes intended for the target group.

Sometimes donated items are given away directly in a wish box or players and coaches sign items for these purposes.

How do I request an dag trip or wish box?

To request an day trip or wish box for someone with a disability you know, first visit our website. Here you can find the terms and conditions as well as the available clubs for the wish boxes. If you would like to register someone for an day trip or wish box, please send an email with all the necessary information (see our website). Wish boxes are usually requested by private individuals and healthcare institutions. If you would like to request multiple wish boxes for a G-sports team, boarding school, or residential facility, we would be happy to find a customized solution.
